

Dear Parents / Carers

Should your child who attends Hemingford Grey Playgroup receive a positive COVID-19 result across a weekend or when playgroup is shut during the week, it is imperative that you send a message via FAMILY or email manager@hemingfordgreyplaygroup.co.uk with your child's name.

On the message simply put your child's name and best contact number for you. Additional information can be shared in the phone call which playgroup will then make to you.

This reporting procedure only needs to be followed if your child tests positive, not other members of your household. We will then need to remotely communicate with other families and staff as quickly as possible should closure be required.

If a member of your household receives a positive test result, all members of your household must self-isolate for 14 days. If they develop symptoms, they must self-isolate for 10 days from the start of their symptoms and get tested. In the case of a household member receiving a positive test result, you do not need to inform us urgently. A telephone call to playgroup on the first morning of your child's absence will be sufficient.

Many thanks.

Hemingford Grey Playgroup
